

BARRIER™

Livestock Wound Care

2% Available Iodine

FEATURES AND BENEFITS

BARRIER™ Livestock Wound Care

- is a 2% titratable iodine that kills up to 99% of surface germs that may cause an infection.
- provides superior navel drying properties in newborns.
- has a natural anti-biting/chewing agent to help prevent self-mutilation and/or cohort licking, biting and chewing.
- dries in approximately 60 seconds and forms a highly visible and durable coating.

DIRECTIONS FOR USE

The 16 oz. bottle comes with a trigger sprayer. Hold sprayer about 4–6 inches from area to be treated. Spray one or more times — allow to dry. Repeat as needed. Forms a highly visible coating that is durable.

WARNINGS

Do not use on food-producing animals less than one week prior to slaughter. Do not use in the eyes. Do not use if you are allergic to povidone-iodine. Prolonged exposure may cause irritation. If swallowed, get medical help or contact a Poison Control Center right away.

Store at 15°–30°C (59°–86° F). Avoid inhalation.

CAUTION

Flammable — use with caution.
For external use only.
Keep out of reach of children.
Wet hair or fur is flammable.

FOR VETERINARY USE ONLY
