BARRIER II™

Wound Care Spray With Pain Relief

2% Available Iodine with Lidocaine

FEATURES AND BENEFITS

BARRIER II™ Wound Care Spray with Pain Relief

• is a 2% titratable iodine that kills up to 99% of surface germs that may cause an infection.
• contains lidocaine to alleviate pain in wounds and surgical incisions.
• dries in approximately 90 seconds and forms a highly visible and durable coating.
• is labeled for all animals.
• showed reduced bleeding and faster healing in a clinical trial treatment group.¹

DIRECTIONS FOR USE

The 16 oz. bottle comes with a trigger sprayer. For refills, pour the 32 oz. bottle into the spray bottle dialed to a spray pattern. Hold sprayer about 4–6 inches from area to be treated. Spray one or more times — allow to dry. Repeat as needed. Forms a highly visible coating that is durable.

WARNINGS

Do not use in the eyes. Do not use if you are allergic to povidone-iodine. Prolonged exposure may cause irritation. If swallowed, get medical help or contact a Poison Control Center right away.

CAUTION

Flammable — use with caution.
For external use only.
Keep out of reach of children.
Wet hair or fur is flammable.

FOR VETERINARY USE ONLY

¹ Clinical study available upon request.

References

INDICATIONS: For topical use on animals as an aid in preventing infection and reducing pain. Kills up to 99% of surface germs in 15 seconds or less that can potentially cause an infection.
