

PRO-TEC GOLD™

Surgical Scrub

Povidone Iodine 7.5%

Antiseptic Sudsing Skin Cleanser

PRO-TEC GOLD™ Surgical Scrub is 7.5% povidone iodine (0.75% available iodine) containing various agents for wound and skin cleansing. It should be washed off immediately after use to minimize skin irritation and healing retardation.

A cumulative effect is seen when regular use of the scrub leads to increasing reductions of bacteria. The final measurement, persistence of effect, is defined as a decline in the post-wash bacterial count. Studies with povidone iodine scrubs show an effective, extensive immediate effect, a definite cumulative effect and a persistence of effect.^{1,2,3}

FEATURES AND BENEFITS

- For preparation of the skin prior to surgery.
- Helps to reduce bacteria that potentially can cause skin infection.
- For hand washing to reduce bacteria on the skin.
- Significantly reduces the number of microorganisms on the hands and forearms prior to surgery or patient care.

PRO-TEC GOLD™

Surgical Scrub

Povidone Iodine 7.5%

Antiseptic Sudsing Skin Cleanser

For External Use Only

1 Gallon (3.79 L)

DIRECTIONS

Surgical hand scrub:

- Wet hands with water.
- Spread about 5 mL (1 teaspoonful) of scrub over both hands and forearms.
- Without adding more water, scrub thoroughly for 2½–3 minutes.
- Use a sponge, if desired. Clean thoroughly under fingernails.
- Add a little water and develop copious suds. Rinse thoroughly under running water.
- Repeat entire procedure using another 5 mL of scrub.

Antiseptic hand wash:

- Wet hands with water and pour about 5 mL of scrub on hands.
- Rub hands vigorously together for at least 15 seconds, covering all surfaces.
- Rinse and dry with a disposable towel.

Preoperative skin preparation:

- After the surgical area is clipped, wet it with water.
- Apply scrub (1 mL is sufficient to cover an area of 20–30 square inches), develop lather, and scrub thoroughly for about 5 minutes.
- Rinse using sterile gauze saturated with water.
- The area may then be painted with PRO-TEC GOLD Surgical Scrub and allowed to dry.

WARNINGS

For external use only. Do not use this product in the eyes or on food-producing animals.

When using this product, prolonged exposure to wet solution may cause irritation or, rarely, severe skin reactions. In preoperative prepping, avoid "pooling" beneath the animal.

Stop use and ask a doctor or veterinarian if irritation and redness develops or in rare instances of local irritation or sensitivity.

ABOUT AURORA PHARMACEUTICAL

Aurora is devoted to improved formulations and delivery systems that are consumer friendly and which utilize state-of-the-art ingredient "green" technologies. We are committed to manufacturing products with top-quality ingredients that increase the stability, shelf life and efficacy of our products while minimizing harmful ingredients and environmental contamination.
