

FDA approved

SwineMate® (altrenogest)

“We have long used Altrenogest in our practice as a valuable tool for reproductive synchronization. When Aurora introduced SwineMate® to the market, we transitioned our family commercial farm and our swine producers to this product. Not only has SwineMate® provided cost savings for our clients, but also we have found no observable difference in product administration or efficacy compared to the original pioneer product.”

Natalie Baker, DVM
Boonville, Indiana

SwineMate® (altrenogest) Solution 0.22% (2.2 mg/mL) is labeled for synchronization of estrus in sexually mature gilts that have had at least one estrous cycle

- SwineMate® is a cost-effective alternative to MATRIX®
- SwineMate® is the exact formulation and active ingredient as MATRIX®

MATRIX® is a registered trademark of Merck Animal Health

Aurora Pharmaceutical, LLC
Northfield, Minnesota 55057
888-215-1256
