### **Aurora launches New DectoGard™ (doramectin topical solution) For Control of Problematic Internal/External Parasites**

**February 2023** – Aurora Pharmaceutical, Inc. today announces the launch of **DectoGard™** (doramectin topical solution) – a highly active, broad-spectrum parasiticide for topical administration to cattle. One dose of DectoGard Pour-On solution effectively treats and controls a wide range of roundworm and arthropod parasites that impair the health and productivity of cattle. DectoGard Pour-On solution is indicated for the treatment and control of gastrointestinal roundworms, lungworms, eyeworms, grubs, biting and sucking lice, horn flies and mange mites in cattle.

DectoGard is the first FDA approved generic doramectin topical solution under ANADA 200-738. Doramectin topical solution has been proved to effectively control infections and to protect cattle from reinfection with *Cooperia oncophora*, *Dictyocaulus viviparus*, *Ostertagia ostertagi*, and *Oesophagostomum radiatum* for 28 days; and *Cooperia punctata* and *Haemonchus placei* for 35 days after treatment. Doramectin topical solution has been proved to effectively control infestations and to protect cattle from reinfestation with **biting cattle louse** (*Bovicola (Damalinia) bovis*) for **77 days** and **long-nosed cattle louse** (*Linognathus vituli*) for **42 days** after treatment.”

Administer DectoGard to cattle topically at a dosage of 500 mcg doramectin per kg (227 mcg/lb.) of body weight. Each mL contains 5 mg of doramectin, sufficient to treat 22 lb. (10 kg) of body weight. Varying weather conditions, including rainfall, do not affect the efficacy of DectoGard.

DectoGard topical solution contains the same active ingredient in the same concentration and dosage form as Dectomax® and contains no inactive ingredients that may significantly affect the bioavailability of the active ingredient. DectoGard is available in 2.5-L, and 5-L multi-dose containers. For more information about DectoGard™ Pour-on for beef cattle, contact your veterinarian or veterinary products distributor.
